Thank you so much for choosing to support my race for [Eden II Programs and Genesis Schools](#). I am using my miles and my voice for something AMAZING - providing the maximum help possible to the autism community through education, adult day programs, residential care, family support, respite, and a number of other services.

Established in 1976, Eden II Programs began with just six students and one special education teacher. Today, the not-for-profit organization serves over 500 participants in New York City and Long Island. The mission of Eden II Programs is to support people with autism through service, science and passion so they may achieve their full potential throughout their lives.

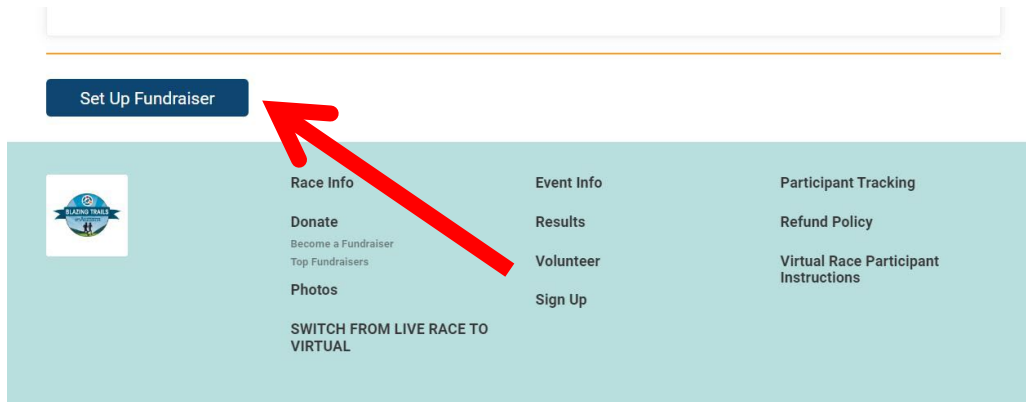

ANY amount you are able to give brings us all closer to our goal. Thank you in advance for your generosity!
